Alexandria, VA 22313-1450

PETITION UNDER 37 C.F.R. § 1.182  
FOR ISSUANCE OF DUPLICATE LETTERS PATENT

Sir:

This is a Petition under 37 C.F.R. § 1.182, for issuance of a duplicate of the  
original ribboned Letters Patent No. 7,058,676.

I hereby certify that this correspondence is being facsimile transmitted to  
the U.S. Patent and Trademark Office on:

February 21, 2008  
(Date of Deposit)

Michael K. O'Neill, Reg. No. 32,622  
(Name of Attorney for Applicant)

  
Signature      February 21, 2008  
Date of Signature

The basis for this Petition is non-receipt of the original ribboned Letters Patent. Accordingly, it is believed that no fee is needed for this Petition. However, if it is determined that a fee is needed, then it should be charged to Deposit Account No. 06-1205, together with any other fees associated with the present Petition.

FACTS AND AFFIDAVIT AS TO FACTS

1. The subject patent issued on June 6, 2006 as U.S. Patent 7,058,676.

According to USPTO records, the USPTO mailed the original Letters Patent to Applicant's undersigned attorney on that date. See attached Exhibit A, which is a printout of the "Transaction History" for the subject patent, from the USPTO's PAIR page.

2. For reasons unknown, the US Postal Service (USPS) did not deliver this mailing. Rather, the USPS returned the USPTO's mailing of the original Letters Patent back to the USPTO. As evidence of this fact, attached at Exhibit B is an Artifact Sheet entered in the image file wrapper for the subject application, on July 7, 2006. This Artifact Sheet indicates receipt by the USPTO of an item that cannot be scanned. The item in question is described in handwritten notes of which an excerpted image is shown below, and which is believed to read "US patent grant (return mail)":

Other, description: US patent grant (return mail)  
Doc Code: Artifact Artifact Type Code: Z

3. Thus, the original Letters Patent was never received by Applicant's undersigned attorney.

4. To confirm non-receipt, the undersigned hereby states that a search was made of docketing records for a time period around the expected receipt of the original Letters Patent. The undersigned's docketing records for this case are attached at Exhibit C.

This search revealed that soft copies were received on July 7, 2006. However, this search did not turn up any record of receipt of the original Letters Patent. This result is consistent with the USPS's return of the USPTO's mailing, and with the attached Artifact Sheet of Exhibit B, which shows that the original Letters Patent remains in the custody of the USPTO.

5. A check was made of the bibliographic information currently on file at the USPTO, concerning the mailing address for correspondence. The information appears correct. For re-confirmation, the correct mailing address is as follows:

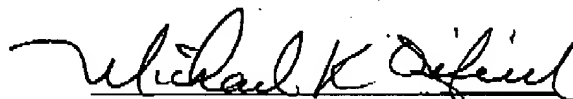

Customer No. 05514  
FITZPATRICK, CELLA, HARPER & SCINTO  
30 Rockefeller Plaza  
New York, New York 10112-3800

CONCLUSION

WHEREFORE, based on non-receipt of the original Letters Patent, the USPTO is respectfully requested to grant this Petition, and to issue a duplicate Letters Patent.

Petitioner's undersigned attorney may be reached in our Costa Mesa, California office at (714) 540-8700. All correspondence should continue to be directed to our below-listed address.

Respectfully submitted,

Attorney for Petitioner  
Michael K. O'Neill  
Registration No.: 32,622

## ARTIFACT SHEET

Enter artifact number below. Artifact number is application number + artifact type code (see list below) + sequential letter (A, B, C ...). The first artifact folder for an artifact type receives the letter A, the second B, etc.. Examples: 59123456PA, 59123456PB, 59123456ZA, 59123456ZB

099729942A

Indicate quantity of a single type of artifact received but not scanned. Create individual artifact folder/box and artifact number for each Artifact Type.
